NEWS RELEASE

The Consortium for Mathematics and its Applications (COMAP) is pleased to announce the selection of the two teams moving on to represent the USA in the 12th annual **International Mathematical Modeling Challenge, (IM²C)**[®]. These 18 teams were among the 273 teams from the United States that distinguished themselves in the 2025 **High School Mathematical Contest in Modeling (HiMCM)**[®] and **Middle Mathematical Contest in Modeling (MidMCM)** contests.

IM²C Teams

US-17577 - Stuyvesant High School, New York, NY

Advisor: Patrick Honner

Students: Andrew Zhang, Daniel Li, Ethan Tran

US-17729 - The Seven Hills School, Cincinnati, OH

Advisor: Brian Berning

Students: Austin Wang, Daniel Beyerbach, Irene Zhang, Sophia Liu

The International Mathematical Modeling Challenge, IM²C

The purpose of the IM²C is to promote the teaching of mathematical modeling and applications at all educational levels for all students. The IM²C international organizers believe students and teachers need to experience the power of mathematics to help better understand, analyze and solve real world problems outside of mathematics itself – and to do so in realistic contexts. In the spirit of promoting educational change, COMAP launched The First annual IM²C in 2015.
